

Start your Life Changer Circle, this holiday season!

Life Changer Circle is Save the Children Philippines' fundraising initiative that empowers passionate supporters to bring their friends, family, and communities together to raise funds for children. Through a personalized fundraising page, you can turn your special moments, celebrations, and advocacy into meaningful action, inspiring your circle to help create lasting change for children.

4 Simple Steps to Start Your Life Changer Circle

Plan It - Think of a fun and meaningful way to raise funds for children and invite friends, family, classmates, or colleagues to join you. Whether it's a birthday fundraiser, fitness challenge, bake sale, online campaign, or a simple appeal to friends and family, choose an activity that reflects your passion and inspires others to give.

Register Your Fundraiser - Contact Save the Children Philippines' Supporter Care Team and share your fundraising idea with us. We'll guide you through the process and gather the information needed to set up your fundraiser page.

Launch Your Fundraiser - We'll create your personalized GoGetFunding page with your story, fundraising goal, and secure online donation facility. Once it's ready, we'll send you your fundraising link and materials to help spread the word.

Share and Change Lives - Share your fundraising page with your circle and encourage others to give. Every donation helps create lasting change for children, and every supporter you inspire becomes part of a growing community of Life Changers for Children.
