

HELP IS ON THE WAY!

Save the Children Philippines' Fund to SAVE is a pool of standby funds that can:

Activate and mobilize the humanitarian response team to quickly get on the ground, conduct rapid assessments, and provide immediate, life-saving support to affected children and their families.

Ensure that sufficient stocks of life-saving kits are available for distribution at any time.

Equip staff, partners, and volunteers with essential skills for a world-class emergency response.

FUND TO SAVE (SECURE ACCESS TO VITAL EMERGENCY RESOURCES)

is Save the Children's pre-positioned emergency response fund, designed to ensure that critical resources are available before a crisis occurs. Through advance contributions to Fund to SAVE, partners enable Save the Children to mobilize immediately when emergencies happen, without waiting for funding to be raised after a disaster.

BE ONE OF THE FIRST TO RESPOND
DURING EMERGENCIES

**BY HELPING NOW EVEN BEFORE
AN EMERGENCY HAPPENS**

Together we can deliver life-saving assistance, protect children from harm, and support affected communities during the most critical first hours and days of a response.
